HOW IT WORKS

Quality rope suitable for elevator duty starts with quality wire, which is carefully examined to assure conformity with quality standards.

HOIST, GOVERNOR & COMPENSATING ROPE

Only then can strands be formed into rope that will provide the right combination of strength, flexibility, resistance to abrasion and low residual elongation to maximize service life.

Available for quick shipment:

- Six, Eight and Nine Strand
- Popular Sizes/Configurations
- Steel, Synthetic & Fiber Core

Our multiple warehouse distribution centers reduce lead times. We have strategically located our warehouses across the United States for convenient and faster deliveries.

ADVANTAGES

- Most Popular Configurations in Stock
- Exceptionally Stable Diameter
- Minimal Stretch
- Lubricated During Production
- Multiple Distribution Centers
- Wedge Sockets Available
- Additional Accessories also Available

THERE IS NO SUBSTITUTE

Quality Wire Rope
