CABS

HOW IT WORKS

It takes highly skilled engineers, sheet metal mechanics and woodworkers to hand craft an elevator cab.

CRAFTSMANSHIP NEVER MET REGRET

Skill is derived from experience. Proceed with confidence - our people have spent decades fabricating thousands of elevator cabs.

Select from a broad palette of materials including hardwood, glass, stone, metal, ceramics, and plastic veneers to suit any taste or budget.

We specialize in matching existing or planned building architectural details to create a truly integrated solution
