HOW IT WORKS

All rope is not created equal.

Quality rope suitable for elevator duty starts with quality wire, which is carefully examined to assure conformity with quality standards.

Hoist Rope
Governor Rope

Only then can strands be formed into rope that will provide the right combination of strength, flexibility, resistance to abrasion and low residual elongation to maximize service life.

Available for quick shipment:

- Six, eight and nine strand
- Popular sizes/configurations
- Steel, synthetic & fiber core

Unique products are available for demanding conditions like electro-galvanized rope for dams and mines.

ADVANTAGES

- Most Popular Configurations in Stock
- Exceptionally Stable Diameter
- Minimal Stretch
- Lubricated During Production
- Most Types Preformed
- Unique i-Line Reveals Twist
- Wedge Sockets Available
